

Reliable & Cost-effective Castings Delivered in Time. **Everytime.**

Y - Type Strainer

Sree Shiva Sai Cast Pvt Ltd (SSSCPL) offers a total needs approach that encompasses the entire stainless steel casting spectrum up to 500 kg. SSSCPL offers quick response on commercial, quality, non-destructive tested and upgraded quality, rough or finished machined castings.

SSSCPL currently serves major industries such as petrochemical, food processing, pulp and paper. Our customers depend on us to provide them with state-of-art industry expertise, advice and service.

At SSSCPL, we invest our time & resources to know your business. By having a clearer understanding of your business requirements, we're able to integrate more effectively with you and become an integral part and a competitive advantage to your supply chain.

Before a mould is even made or a casting is formed, SSSCPL technicians render the design using SoftCAST.

This advanced, 3-dimensional technology allows you to "see" the casting before it's made, it provides a solidification and heat flow simulation. This ability to develop "virtual castings" is a superior method of reducing costs, maximizing production values, and providing peace of mind. SSSCPL customers have realized both the financial and qualitative benefits of this unique pre-production tool.

To ensure that your needs and expectations are surpassed every-time, our team of skilled technologists, engineers and metallurgists work hand-in-hand with you every step of the way.

We continuously strive to provide superior quality solutions in a fast, efficient, and cost-effective manner. We understand and appreciate the fact that in your success is our success.

Established in the year 1994

Work with **over 40 grades** of plain carbon steel to high alloy steel, stainless steel to super duplex stainless steel and Nickel based alloys

ISO 9001:2008 Certified PED 97/23/EC Certified AD 2000-Merblatt W0 Approved IBR Well Known

Castings for Valve Industry

At Sree Shiva Sai Cast Pvt. Ltd. (SSSCPL), we take great pride in being able to supply a large range of Castings for Valve Industry according to ASTM, EN and other International Standards. With a varity of shapes, sizes & weights, SSSCPL has a solution to meet your specific casting needs. The castings can be supplied as rough, semi machined, fully machined and/or hydrotested as per your requirement.

The other valve castings manufacturied at SSSCPL include the following;

- Plug Valve
- Safety Valve
- Control Valve
- Rotary Valve
- Triple Offset Butterfly Valve
- Double Flanged Butterfly Valve

ISO 9001:2008 Certified Manufacturers & Suppliers of Steel, Stainless Steel and Nickel Alloy Casting

Lugged-type Butterfly Valve (Size: 50 mm - 600 mm)

Castings for Valve Industry

ISO 9001:2008 Certified Manufacturers & Supplier of Steel, Stainless Steel and Nickel Alloy Casting

Globe Valve (Size: 15 mm - 350 mm | #150 - 2500 | PN 16 - PN 40)

Check Valve (Size: 15 mm - 300 mm | #150 - 900)

Gate Valve (Size: 25 mm - 350 mm | #150 - 1500)

Castings for Pump Industry

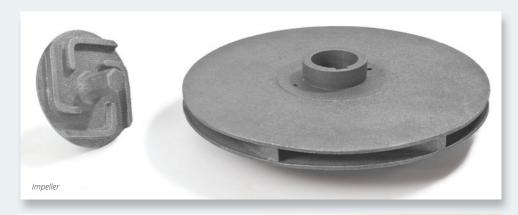

Our castings also have been used in nuclear applications, oil & gas, pharmaceutical industry, etc. The casings manufactured are from a single suction - single delivery to double suction - double delivery.

We have manufactured impellers of open & closed type with min OD of 100 mm - 900 mm and opening of closed type from 6 mm to 150 mm.

Sree Shiva Sai Cast Pvt. Ltd. ISO 9001:2008 Certified Manufacturers & Suppliers of Steel, Stainless Steel and Nickel Alloy Castings www.ssscpl.com

Castings for Steam Application

Inverted Bucket Steam Trap (Size: 15 mm - 50 mm | #150 - 300)

ISO 9001:2008 Certified Manufacturers & Supplier of Steel, Stainless Steel and Nickel Alloy Casting www.sscol.com

SSSCPL has been supplying these castings for Steam Application for major players in Boiler manufacturing in India. There are very few companies in India that can

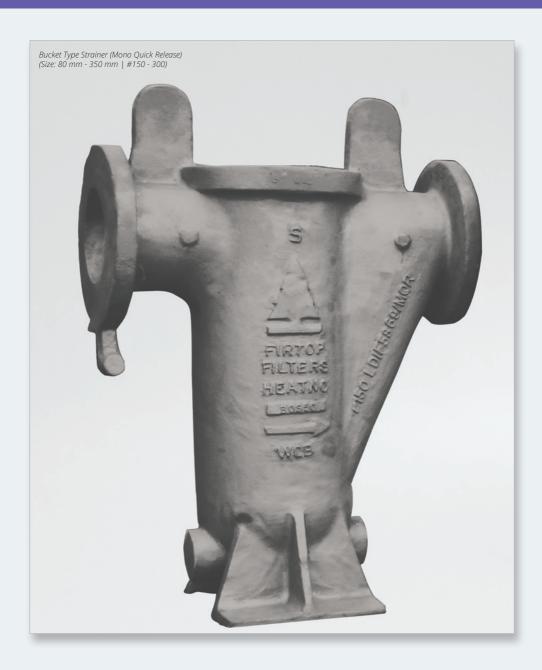

manufacture these critical castings. We have been the sole suppliers to our customers for these products.

Strainer

ISO 9001:2008 Certified Manufacturers & Suppliers of Steel, Stainless Steel and Nickel Alloy Castings www.ssscol.com

Bucket type strainer is one of the highly critical castings to manufacture. Our customer requirement and stringency regarding the wall thickness is in the tolerance of 1 mm only. The biggest bucket

type strainer that was developed by SSSCPL had a body length of 6 ft.

The Y type strainer of class 200 mm was supplied in CF3M and 4A grade. It was radiographed with acceptance level 1.

Centrifugal Castings

ISO 9001:2008 Certified Manufacturers & Suppliers of Steel, Stainless Steel and Nickel Alloy Castings www.ssscpl.com

Centrifugal castings were supplied for metalic gasket purpose. We also cater to valve manufacturers who use these castings for the purpose of seatring. Control Valve manufacturers use these castings exclusively for seat retainer.

Weight range: 60 kg - 500 kg

Minimum Size: ID 180 mm with

minimum thickness of 20 mm

Maximum Size: ID 400 mm with

minimum thickness of 50 mm

Castings for Other Industry

We also cater to agricultural industry for applications like rice polishing, sorting, cultivation etc.

We are a regular supplier to Earth Moving Equipment and Defence Equipment manufacturers such as BEML, Keltron etc.

SSSCPL Advantage+

Why Sree Shiva Sai Cast Pvt. Ltd.?

- We can deliver highest quality of castings in wide range of steel, stainless steel and nickel based alloys to global customers in timely manner and at affordable prices.
- We have the required manpower, technologies, skills and experience of supplying quality castings to customers in India as well as abroad.
- We are passionate and committed to our work and by God's grace have excellent team that supports us in our endeavor.
- We consciously deliver MORE use value than the CASH value we seek.

Why Shivamogga?

- Shivamogga lies on the banks of the Tunga River and is popularly called "The Gateway of Malnad-the hilly region of the Western Ghats." The tropical wet and dry climate with average annual temperature being 26°C makes Shivamogga an ideal place to have a foundry and castings industry.
- Shivamogga has an excellent connectivity by road and rail to and from Bangalore and Mysore.
- Shivamogga Airport is coming up at Sogane-6 km from Shivamogga.
- Shivamogga has an average literacy rate of 88.02% and has excellent availability of skilled manpower for this industry.
